LIVING THE LUXE LIFE

If there's one thing we've learned from being more confined than ever before, it is that the physical structure is only one aspect of what makes a home. And if Alibaug is your choice of destination for a second home, Palmore Luxury Developers—a residential property development firm with Alibaug specific luxury villa development experience is your best bet. Palmore's all-service offering consists of three verticals: Custom Builds, Ready Villas and Land Acquisition. Having amassed over 40 years of architectural experience, founder Navzer Irani exclusively focuses on the development of private residential villas while co-founder Karl Irani's successes setting up a premium wellness establishment, urged him to turn his attention to Alibaug.
